ABOUT US

We full fill the need of International architects and designers effectively in their constructions projects.

Mr.Shievraj has been involved in the field of Co-excavation, Processing and Exports of natural stones for the past 7 years.

Company's increasing spirit and level of growth has been determined by the consistent ambition to keep up with ever changing client requirements and fashions, as well as the ability to satisfy the more and more dynamic market requests. This is clearly visible and expressed through continuous investment in the most sophisticated technologies as well as qualified staff with a wealth of experience.

The result is the consistently high quality of Granites, Limestones and Sandstones that ROCKPEEZ continues to offer to all its customers.

Mr.Shievraj
Managing Director
Rockpee International

OUR VISION

Our Vision is to use our expertise to cater to each customer's needs by offering excellent products and services at competitive prices.

WHAT WE DO?

- ✓ We are Co-excavators, Processors and Exporters.
- ✓ First and foremost we keep a careful check over customer needs, accept their feedback positively and constantly work on that.
- ✓ We source our products from most reliable vendors/manufacturers.
- ✓ The products offered by us comprises various Granites, Marbles, Sandstones, Limestones in the form of Tiles, Random Slabs, Cutter Slabs, Gangsaw Slabs, Project based Cut to size tiles or slabs.
- ✓ We supply our product range to clients spread across industry verticals.
- ✓ We are supported by a state - of - the - art infrastructure facility comprising quality testing unit, market research facility, cutting edge warehousing and packaging unit and refined logistics facility.

SOCIAL RESPONSIBILITY

We believe we owe our success to society and must give back manifold more to make a difference in the ecosystem we live in. As a believer of corporate social responsibility we have been guided by our concern for the environment and people at large.

WHY US?

There are various factors that have made us a globally renowned exporter with unparalleled track record. Some of these are:

- ✓ Timely delivery.
 - ✓ Excellent packaging.
 - ✓ Superb logistic facility.
 - ✓ Most reliable vendor base.
- We offer a prolific range of products
- ✓ Maintain a consistent high quality standard that matches global best.

QUALITY ASSURANCE

- ✓ We have our own quality monitoring facility.
- ✓ Quality of product is checked on such parameters as high end superior polishing of slabs, prevention of chipped edges, proper thickness all over the length of the slabs, top end packaging to ensure protection against damage.
- ✓ We ensure maintenance of the same high standards among our manufacturing units.

GRANITE SLABS

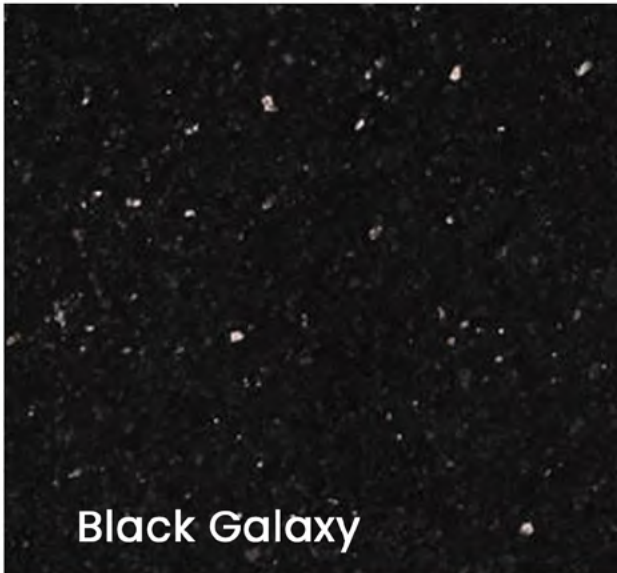

Granite is a common and widely occurring type of intrusive, felsic, igneous rock. Granite usually has a medium to coarse-grained texture. Occasionally some individual crystals are larger than the groundmass, in which case the texture is known as porphyritic. We take pride in manufacturing, exporting and supplying beautiful yet highly functional Granite that has been serving as a decorative natural stone from thousands of years. Comes with an impression of sophistication and quality, we are dealing in finest grade of granites stone produced from largest reservoirs of natural stones in Rajasthan, Andra Pradesh, Telanagana.

Our adeptness in exporting the rich quality granite slabs is an outcome of extensive experience. The variety of Granites we offer includes Imperial Red, Steel Grey, Tan Brown, Tan Black, Black Galaxy, Absolute Black, Crystal Yellow, Viscont White etc.

GRANITE COLLECTION

A solid, deep black granite surface with a smooth, polished finish.

Absolute Black

A dark granite with a black base and numerous small, white, star-like or crystalline flecks scattered throughout.

Black Galaxy

A granite with a dark, charcoal-colored background and large, irregular patches of tan and light brown.

Tan Brown

A granite featuring a dense pattern of reddish-brown and orange tones, with some darker, almost black, mineral inclusions.

Imperial Red

A granite with a dark grey to black base, accented with lighter grey and white crystalline structures, giving it a metallic or steel-like appearance.

Steel Grey

A dark granite with a black base and subtle, irregular veining and speckling in shades of tan and light grey.

Tan Black

LIMESTONE COBBLES

Our black limestone cobbles offer a modern, on-trend colour palette in a traditional weathered sandstone cobble. Ebony looks great both on it's own to create courtyards and features, as well as paired with lighter paving materials to give a stunning contrasting edge. For a matching patio, take a look at Carbon Black flagstones. Complementary walling & copings are also available.
